Congregations have unique opportunities to reduce the stigma around mental illness and welcome everyone into the life, leadership, and saving work of the Body of Christ! Join this interactive workshop with Rev. Amy Petré Hill, JD, and leave with:

- An understanding of how people, particularly our youth, deal with mental health challenges amid COVID.
- Tools and resources your church can utilize to support members' mental health and the health of the larger community.
- Confidence that your congregation CAN become a Welcoming Church for Mental Health!
