Bishop Oliveto:

Billings is honored to host the 2019 Mountain Sky Conference! We welcome you and look forward to being part of this important event for your congregations. We will do everything we can to help your conference attendees connect with each other and your leadership while enjoying Montana's Trailhead.

Billings is Montana's largest and most exciting city. From the Yellowstone River, the longest free-flowing river in the lower 48, to the incredible sandstone Rimrocks that overlook Billings and offer a vantage point of Montana's big sky and wide open spaces, Billings offers easy access to beautiful natural resources. I also encourage your attendees to experience the amazing stories of the West. Our local culture and history are brought to life by places like the Yellowstone Kelly Interpretive site, Western Heritage Center, Yellowstone County Museum and Yellowstone Art Museum. At the same time, we are the trailhead to some of the most valued national monuments and parks in the country with Pompeys Pillar and Little Bighorn Battlefield National Monuments. The Beartooth Highway offers the most scenic access to the northeast entrance of Yellowstone National Park through Red Lodge and Cooke City, Montana.

Bishop Oliveto, I would like to thank you for choosing Billings. We know you could choose to hold your meeting anywhere in the West. We are proud you chose Billings and want to ensure you that we are here along with Visit Billings and the Billings Chamber of Commerce to help make your 2019 conference a great success!

Best Regards,

William A. Cole
Mayor
