I am willing to serve as a voting delegate to both the General and Jurisdictional conferences.

I am willing to serve as a reserve delegate to General and Jurisdictional conferences.

#### **Statement:**

I am seeking election as a delegate in the year 2020 to represent the youth and young people. Working with and being an advocate for our children and youth is my passion and I wish to give them a voice on what is happening within our denomination because they are some of the most insightful humans on the entire planet and yet they seem to slip through the cracks when it comes to decision making. The children, youth and young adults are not the future of the United Methodist Church. They are the now of the United Methodist Church.
