Statement:

I am a United Methodist woman and United Methodist Church member who has served years of apprenticeship to stand before you sharing long-held ideals of inclusion and love. I am known to view persons and issues critically but I am generous with praise when and where it is warranted. As a former reference librarian, it is in my DNA to ask questions others don't consider or are afraid to voice. My years filling pulpits as a Certified Lay Speaker, leading Bible and Mission studies as well as teaching Sunday school and preparing devotions keep me in scripture continually. I strive to be a non-anxious presence knowing, first and foremost God is in control and also we will be stronger on the other side of this debate.
