Statement:

I feel called to run to be a General Conference delegate to help build a church that can live into its vision of open hearts, minds, and doors. Through my service in the United Methodist Church over the past decade, I have had the opportunity to build coalitions, write legislation, and create systemic change for young voices in our church. If elected, I would actively work to ensure our delegation had the resources and information to thrive in their role. Simultaneously, I would leverage what I've learned and the relationships I've developed this quadrennium to create meaningful change.
