#### **Statement:**

In looking to General Conference 2020 I feel the future of our denomination will be forever changed. Discussions on irreconcilable differences to the invitation for a divorce resulting in a church split are all possible. I will work to reverse the painful legalistic actions from the 2019 General Conference to become a more inclusive church.

My passion is to have well trained scripturally mission focused clergy and laity in all our churches and communities. I believe we can be in ministry together to welcome all people for disciple making and spreading God's love.

I will bring experience and prayerful action to the 2020 Jurisdictional Conference for the election of at least 2 Episcopal leaders.

As I pray for wisdom and guidance for all delegates and the leadership by the Council of Bishops, my hope is that our future will be filled with new possibilities to love God and love our neighbor.
