Statement:

I put my name forward to see balanced representation from the Mountain Sky Conference. The Holy Spirit, I believe, would want a variety of voices and biblical interpretations representing Mountain Sky. We should give rural churches the balance that is necessary to survive in small communities. If we are going to live as one church, we need progressives, traditionalists and centrists in the delegation so all viewpoints are respectfully represented. I am led to witness as a rural traditionalist who understands we live in communities that have many perspectives but respect each other. I ask for your support.
