Statement:

I would like to represent the Legacy RMC as a delegate. My experience during the 2016 and 2019 General Conferences gave me insight to the difficult and tenuous situation we are in as a denomination. I commit to bring my full self to the experience of preparation and involvement in this process. This includes my hope and expectation for God to move in our Wesleyan tradition in new and unexpected ways, my personal and professional grief at the harm being done, and an awareness of my privilege in this system and many others.
