Statement:

Many people, including me, have experienced the transformational grace of God through the Wesleyan tradition and the United Methodist Church. I believe in the power of our tradition and feel called to join you in shaping its grace-filled future, whatever God may have planned. As the Congregational Resource Minister for the Peaks/Pikes Peak District and founding pastor of The Edge through First United Methodist Church in Colorado Springs, I have had the opportunity to experience God's grace lived out in our local churches. I believe I can be an advocating voice for our local congregations at the 2020 General Conference
