# I-RIM Content Event Form: MSCUMC

## iRim Timeline & Explanation

**Spring RIM event** - In consultation with your Reading Team, you will identify an area of growth and receive an iRIM Content Event form from the RIM team. On this form you will outline how you propose to address this growth area through independent continuing education opportunities.

**(Annual Conference)** This year, you received the form at Annual Conference, instead of at the Spring RIM event. **You will still need to contact your reading team contact person and ask them to sign off on the plan prior to the Fall RIM event.** You may do this during Annual Conference or before the Fall RIM event.

**Fall RIM event** - The iRIM Content Event form must be signed by the contact person of your reading team and turned in to the RIM planning team at the Fall RIM event.

**Spring RIM event** - Your iRIM work must be completed by the Spring RIM event. During the spring BOM meeting you will meet with your reading team, report to them on your progress and adjust your plan as needed. Your reading team will sign off that your work has been completed and you will turn in the form to the RIM Team at that event to receive credit for your iRIM training.

**Repeat** - The process is repeated as needed during the second year with all your work being completed and credited by your second Spring RIM event in order to be eligible for ordination at that Annual Conference Session.

*A copy of each of your I-RIM Content Event Forms (to total 20 hours of approved Content work) is required at your last Spring RIM Event before your ordination. Please provide copies with all signatures in place to the RIM leaders. Thank you.*
