

**Mountain Sky Conference 2022 Request Form**  
**Exception to Minimum Coverage Standards**

**(Request Must be Received No Later than 10/01/21)**

Church City, State	
Date	

We are requesting approval for an exception to the minimum coverage standards for the 2022 Conference-wide program. We would like to request the below changes:

Indicate in the spaces to the left which change(s) you are requesting.

	80% of replacement value rather than the 90%. This will not change the amount we are compensated for a partial loss. In the event of a covered total loss, the coverage would pay up to the limits on the policy.
	Limited glass for vandalism (\$250 per pane/\$1,000 per building/deductible still applies) rather than full glass minus deductible. Note that this option is not recommended if you have stained glass.
	Change to actual cash value in lieu of replacement cost. We understand that claim payments will be depreciated.
	Remove the additional \$25,000 of business income/extra expense.
	Lower money and securities to \$1,000.
	Lower employee benefits to \$100,000. Employee benefits liability provides coverage if we make a mistake when administering benefits for an employee. An example would be not enrolling our pastor or another employee in one of our benefits plans properly.
	Opting out of umbrella liability coverage.
Reasons for the Request:	

We understand the above changes we are requesting. **Signature needed from all three.**
