## Western Jurisdiction update

The Western Jurisdiction leadership team continues to work hard to plan an exciting Jurisdiction Quadrennial Event in Tempe, AZ April 17-19, 2020. Here are some updates:

**Keynote Speaker:** We are happy to announce that Katharine Hayhoe, who is considered one of the world's leading experts on climate science, will be our Keynote speaker. In 2017 she was named one of the 50 World's Greatest Leaders by Fortune Magazine, which honors men and women across the globe who are helping to change the world and inspire others to do so. We are planning a Social Action event following her presentation.

**Ubuntu opportunities:** On April 17 you have the opportunity to visit and work at transitional housing of UMOM, work at the Justa Center, be educated at the Heard Museum or work on mission projects at the hotel conference center.

**Workshops:** Will include climate issues, justice issues and many spiritual growth topics.

**Cultural Evening:** Saturday night banquet and entertainment from the Native American Fellowship

Mark your calendars now! Invite your friends to join you in Tempe in April of 2020.

Jana Jones Western Jurisdiction Vice President
