Helping our Laity help expand our ministry in the Yellowstone Conference and elsewhere in coordination with our Clergy is a critical growth area. Providing a voice as a servant to the General Conference and bringing back the spirit of our world wide Body of Christ is an important part of helping expand our ministry. This is also a personal faith journey that continues the experience of God's love through travels and work in the Middle East, Africa and South America, the Academy and years of lay leadership in Kansas, Colorado and other churches in Montana. One of the Academy requirements is a "project" - my project was to work with each Lay Circuit on promoting training, developing resources, expanding a missional church, in the process traveling to and participating in circuit meetings - the ability to listen, present and conduct open Christian conferencing is important and will help bring the General Conference home to the YAC and our laity.
