STUDY OVERVIEWS

Spiritual Growth Study: *Embracing Wholeness: An Earth Perspective on Covenantal Living* by Jessica Stonecypher - Building on Evy McDonald's *Living as A Covenant Community* (2017), Jessica Stonecypher's ***Embracing Wholeness*** explores the ways God has called us to live in covenantal relationship with all of creation and challenges participants to work toward stronger and healthier relationships with creation, their communities, themselves, and God.

Social Issue Study: *What About Our Money? A Faith Response* by Susan K. Taylor - ***What About Our Money?*** explores the connection between our faith and our money. Participants discover how to live closer to God and God's people, even in a culture that is so deeply defined by money. From a biblical foundation, Taylor explores the systems in which we make our financial decisions, our understanding of what is available to us, and how we use/consume resources. The course helps participants to examine what belongs to God, how our faith connects to our finances and how we can plan for the future as people of faith.
